112 Which function is used to get type of variable? chktype() settype() type() gettype()						
	112	Which function is used to get type of variable?	chktype()	settype()	type()	gettype()

113	Which functions is used to convert the binary data stored in a string into its hexadecimal representation?	bin2hex()	hex()	dec2hex()	oct2hex()
114	When to use the \$_GET variable to collect data?	Data passed in HTTP header	Data passed in URL	Data passed in Session	None of the Above
115	Which variable is used to collect form data sent with both the GET and POST methods?	\$_GET	\$_HTTP	\$_REQUEST	\$_POST
116	Which function is used to redirect to another page?	session()	action()	redirect()	header()
117	Which function is used to split a string into a series of substrings as specificified separator?	explode()	implode()	load()	reload()
118	Which mysql function is used to select the database?	mysql_select()	mysql_select_db()	mysql_db()	use()
119	Which method returns the error code?	asc()	number()	error()	errorno()
120	Which function is used to include a file?	include()	implode()	explode()	add()
121	Which mysql function is used to send query to the database?	str_query()	sql_query()	mysql_query()	query()
122	Which one of the following methods recuperates any memory consumed by a result set?	mysql_close()	free()	mysql_free()	mysql_free_result()
123	Which one of the following method is used to retrieve the number of rows affected by an INSERT, UPDATE, or DELETE query?	mysql_affected_rows()	mysql_rows()	mysql_check_rows()	mysql_status_rows()
124	Which method retrieves each row from the prepared statement result and assigns the fields to the bound results?	mysql_fetch()	mysql_fetch_row()	mysql_fetch_collumn()	mysql_fetch_colls()
125	Which function is to list mysql databases?	mysql_select_dbs()	mysql_dbs()	mysql_list_dbs()	mysql_list()
126	Which function is used to join array elements with string?	str_query()	str()	explode()	implode()
127	Which function is used to quote string with slashes?	addslashes()	slashes()	removeslasshes()	replace()
128	Which function is used to exchange keys with values?	array_pop()	array_flip()	flip()	array_push()
129	jQuery is a	Javascript	Java Library	JavaScript Library	None of the Above
130	Which sign does jQuery use as a shortcut for jQuery?	*	#	%	\$
131	Which jQuery method is used to hide selected elements?	hide()	show()	ahide()	rhide()
132	Which jQuery method is used to set one or more style properties for selected elements?	rss()	css()	hss()	header()
133	What scripting language is jQuery written in?	Python	PHP	JavaScript	ASP
424	Which statement best explains what "unobtrusive JavaScript"	JavaScript that is	JavaScript that is	JavaScript that is separate	JavaScript that is
134	is?	separate from text	separate from string	from tags	separate from HTML
135	How to make Comment in JavaScript?	// , /* */,	/% %/	/? ?/	/+ +/
136	When referencing an HTML element preceded by a # (pound or hash), what javascript function is this equivalent to?	getById()	getId()	getElementById()	getElemenId()
137		it reference to none	it reference its child		it reference its own
157	When do you use the \$(this) code?	action	action	it reference its parent action	action
138	What does the function \$(".selector") return?	A new PHP object	A new object.	A new jQuery object.	A new java object.
139	Which function is used to stop animation?	sstop()	stop()	reset()	start()
140	Which of the following jQuery method sets the html contents of an element?	str()	val()	html()	css()
141	Which of the following jQuery method get the input value of an element?	chr()	text()	str()	val()
142	What does the min mean in jquery version?	Minimised version	Mid version	Stable version	Maximized version
143	Which of the following jQuery method gets the direct parent of an element?	child(selector)	parent(selector)	html(selector)	document(selector)
144	Which directive determines whether PHP scripts on the server can accept file uploads?	file_uploads	file_upload	file_input	file_intake
145	Which function is used to determine whether a file was uploaded?	is_file_uploaded()	is_uploaded_file()	file_uploaded("filename")	uploaded_file("filename")
146	What is the default value of the directive max_file_limit?	10 files	15 files	20 files	25 files
147	Which of the following PHP function will return true if a variable is an array or false if it is not an array?	this_array()	is_array()	do_array()	in_array()
148	Which function returns an array consisting of associative key/value pairs?	count()	array_count()	array_count_values()	count_values()
149	Jquery is a Javascript?	extention	library	function	variable
150	Which of the following method sends input to a script via a URL?	Get	Post	Both	None
